

Abstract

Annotated Bibliography on the Thai Economy, 1957-1982

Volume 7 : Human Resources

This report is part of the research report on "Annotated Bibliography on the Thai Economy, 1957-1982". This volume is a collection of academic works, during 1957-1982, concerning human resources in the Thai economy. It is found that there are 1,340 items of relevant publications in this subject. However, only 439 items, or 32.76 % of the total items, were selected for annotation (Table 1). It is also found that 576 items were written in Thai, and the remaining 764 items in English. Only 200 items, or 34.72% of the total items written in Thai, and only 239 items, or 31.28% of the total items written in English, were selected for annotation (Table 2).
