

Abstract

Annotated Bibliography on the Thai Economy, 1957-1982

Volume One : Thai Economic History

This report is part of the research report on Annotated Bibliography on the Thai Economy, 1957-1982 which consists of 11 volumes. This volume, Volume 1, is a collection of published materials during 1957-1982 on the Thai economic history. It is found that there are 217 items of relevant publications in this subject. However, only 143 items, or 65.9 percent of the materials published during 1957-1982, was selected for annotation (see Table below). In this report, published materials are classified into 4 categories, i.e. books, articles (appearing in books or journals), documents, and theses. Both the author index and the subject index are also provided.
