

ACKNOWLEDGEMENTS

I wish to thank all the members of my thesis committee for their helpful criticism. I am deeply indebted to Dr.Sirilaksana Chutikul, thesis advisor, for her judicious guidance and valuable suggestions. Special thanks and appreciation also go to Dr.Vatchareeya Thosanguan, Mr.Peter Brimble, and Dr.Sukrita Sachchamarga, members of the thesis committee, for their constructive criticisms and comments.

I also wish to express my sincere thanks to my classmates, especially Mr.Hom Moorti Pant and Mr.Phongnarin Ratanarangsikul who provide me with their charming friendship and generous help for two years.

The Ford Foundation is gratefully acknowledged for providing financial support for two year. Sincere gratitude is also extended to the Korea Institute for Economics and Technology which allowed me to pursue my graduate studies with their financial assistance. And New International Economic Order (NIEO) scholarship for thesis work is also acknowledged.

Finally, I wish to express my love and thanks to my wife, JinSook, and cute daughter, JiEun, to whom this thesis is dedicated.

I retain sole responsibility for all deficiencies and errors in this study.
