Note: HIIT, VIIT and total VIIT are from author's calculation. GDP and GDP per capita are obtained from World Development Indicator CD-ROM (WDI 2003). LS is percentage of secondary school attained in the total population and obtained from Barro, Robert J. and Jong-Wha Lee, "International Data on Educational Attainment: Updates and Implications," manuscript, Harvard University, February 2000. at <http://www.cid.harvard.edu/ciddata/ciddata.html>. Average tariff is collected from many sources. Distance between capital cities in kilometers is obtain from <http://www.maclester.edu/research/economics/PAGE/HAVEMAN/Trade.Resources/Data/Gravity/dist.txt>
