

## LIST OF FIGURES

Figure	Page
2.1 Supply chain	5
2.2 Supply chain process	6
2.3 Levels of the supply chain	7
2.4 Example of supply chain system	8
2.5 Increase in variability in the supply chain	9
3.1 Basic methodology	22
3.2 Configuration of a single dyadic supply chain	23
3.3 Configuration of a single manufacturer and multi-retailers' supply chain	24
3.4 Configuration of a single retailer and multi-manufacturers' supply chain	24
3.5 Genetic Algorithm's procedures	30
4.1 Members in a single dyadic supply chain	34
4.2 Profit increment of the manufacturer and the retailer under one-sided incentives	64
4.3 Profit increment of the manufacturer and the retailer under two-sided incentives	64
4.4 Effect of the bonus variation on the performance of the chain in the single dyadic supply chain	66
4.5 Effect of the bonus variation on the performance of the retailer in the single dyadic supply chain	67
4.6 Effect of the bonus variation on the performance of the manufacturer in the single dyadic supply chain	67
5.1 Members in a single manufacturer and multi-retailers' supply chain	69
5.2 Comparison of the profit under the different controlling policies	86
5.3 Effect of the bonus variation on the performance of the chain in the single manufacturer and multi-retailers' supply chain	87
5.4 Effect of the bonus variation on the performance of the manufacturer in the single manufacturer and multi-retailers' supply chain	88
5.5 Effect of the bonus variation on the performance of retailer 1 in the single manufacturer and multi-retailers' supply chain	88
5.6 Effect of the bonus variation on the performance of retailer 2 in the single manufacturer and multi-retailers' supply chain	89
5.7 Effect of the bonus variation on the performance of retailer 3 in the single manufacturer and multi-retailers' supply chain	89
6.1 Members in a single retailer and multi-manufacturers' supply chain	91
6.2 Effect of the bonus variation on the performance of the chain in the single retailer and multi-manufacturers' supply chain	109
6.3 Effect of the bonus variation on the performance of manufacturer 1 in the single retailer and multi-manufacturers' supply chain	110
6.4 Effect of the bonus variation on the performance of manufacturer 2 in the single retailer and multi-manufacturers' supply chain	110

6.5	Effect of the bonus variation on the performance of manufacturer 3 in the single retailer and multi-manufacturers' supply chain	111
6.6	Effect of the bonus variation on the performance of the retailer in the single retailer and multi-manufacturers' supply chain	111
