

List of Tables

Table	Title	Page
1.1	The assignments without rotation	2
1.2	The assignments with rotation	2
1.3	The assignments with rotation and one additional worker	2
2.1	Permissible noise exposure (OSHA, 1983)	6
3.1	Comparison between the MinimaxWAP and P_m - $ C_{max}$ models	21
4.1	Comparison between the WSP-N and 1BPP	24
4.2	Work assignments by MFFD-N	32
4.3	Work assignments by MFFD-N in TWAs	33
4.4	Work assignments by DFD	33
4.5	Work assignments by DFD in TWAs	34
4.6	Exchanging subtasks to decrease RN_{max} by the swap algorithms	35
4.7	Work assignments by DFDS in TWAs	35
4.8	Work assignments by BnB-H	37
4.9	Work assignments by BnB-H in TWAs	38
4.10	Comparison of algorithms in the WSP-N numerical example	38
4.11	Number of optimal solutions by WSP-N algorithms	40
4.12	Computational results for WSP-N algorithms	40
4.13	Computational times (in seconds) for WSP-N algorithms	41
5.1	Work assignments by MFFD-E	49
5.2	Work assignments by DFD	50
5.3	Work assignments by DFDS	50
5.4	Work assignments by BB-E	52
5.5	Comparison of algorithms in the WSP-E numerical example	52
5.6	Number of optimal solutions by WSP-E algorithms	54
5.7	Computational results for WSP-E algorithms	54
5.8	Computational times (in seconds) for WSP-E algorithms	55
6.1	Energy costs and noise weights per period of each task	65
6.2	Work assignments by the hybrid procedure for 2WSP	66
6.3	Computational results of proposed lower bounds	68
6.4	Computational results of proposed heuristics	69
6.5	Computational results of proposed exact algorithms	70
7.1	Algorithms for WSP-N, WSP-E, and 2WSP	71
