

Acknowledgments

The author would like to thank the thesis advisor Dr. Sawasd Tantaratana for his support and patience during this research. The author is very grateful for many good comments that make the thesis complete from Dr. Suwan Runggeratigul, Dr. Prinya Tantaswadi and Dr. Kazi M Ahmed.

The author thanks Mr. Thanyapat Sakunkonchak who helped on computer techniques. Finally, the author wishes to thank the National Science and Technology Development Agency (NSTDA) for providing me with a scholarship through its Telecommunication Consortium.
